## An extra 5% V.A.T. is required on the above items.

- All storage charge will be paid at a full daily rate for any period less than one day (calendar date), while that of the import perishable cargo will be paid at a full 8-hours rate for any period less than 8 hours and export perishable cargo will be paid at a full 12-hours rate for any period less than 12 hours.

  Cargo and unit load devices storage fee would be charged by per day (00:00-24:00) and if it less than a day shall be counted as whole day.
- All storage charge will be paid on actual gross weight, or volume weight, whichever is higher. The fraction of a kilogram will be charged as a kilogram and fraction of a dollar rounded off to a dollar.
- Where the import shipment from a flight enters warehouse in several batches, the arrival of the first batch will be reckoned as the start of storage period of the whole goods.

  Storage period of shipment in one air waybill shall be counted from the time the first piece of goods entering warehouse. For shipment entering in several batches, the actual time of each batch accepted will be used. But export goods entering in several batches in the same day, the storage charge will be reckoned by master air waybill.

  When the shipment in one air waybill contains general and special goods, storage charge will be assessed by general and special goods rates according to the actual weight of each respectively.
- If part of carrier's company goods contain special goods requiring special goods storage, that part of goods shall be charged special goods rates.
- Natural calamity or force majeure, which causes the process of accepting export shipment or delivering import shipment being paused, the charges in the first 3 days in item I. A. 1 and first 2 days in item I. A. 2 and I. B. 1. will be postponed.
- The storage charges of cargo in description I is the accumulation of different segments. The segment is defined by the cargo type and duration of storage. The charge of each segment is based on the charged unit of it.

  Where the overweight and oversized super sensitive cargo applies for direct release through apron, 50% charge rate of the item I.A. or I.C. should be applied. The minimum charge shall be 20,000 NTD.FTZ will charge the extra handling fee of 0.6 NTD per kg if the breakdown services required. 10

This scale of rates is prepared in both the Chinese and English languages of which the Chinese language version will govern in case of discrepancy.
